

Decorative panelling

High Quality, Easy Fit Wall Panel and Tiles

EASIER, CLEANER AND FASTER TO FIT!

Dumawall+ tiles with carefree fitting and maintenance bring an elegant finish to all interior walls.

Dumawall+ is a waterproof tongue-and-groove wall cladding. The Dumawall+ tiles are made of completely solid UV-resistant panels and provide an elegant finish to indoor walls.

Installation is simple and quick, without drying time and without grouting and all of this can be done directly on the old tiles, without the need to remove them.

Dumawall+ tiles will turn tiling into child's play. Tiles are easily nailed, stapled or glued onto the walls. If necessary, they can be cut to size with a normal saw and quickly installed.

WALL PANE

100% Waterproof, Easy-to-install, Stylish & Durable Wall

What wall have you got?

A. EVEN WALLS

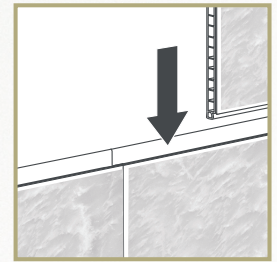

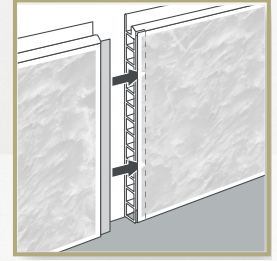

Glue* directly onto existing flat surface (ceramic tiles, plywood, mdf etc.)

B. ROUGH UNEVEN WALL

Build the framework in wood. Staple or nail our panels right to the framework.

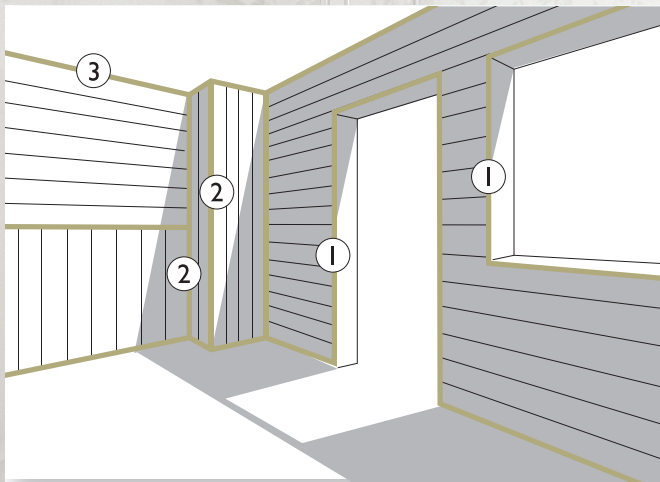

The panels can be easily installed with a tongue & groove system, either seamlessly or with a v-groove.

***Ensure adhesive is suitable for use on the base on which the panels will be installed.**

Rigid accessories and trims

A selected choice of white, silver and grey trims enable you to put the finishing touches to your wall or ceiling cladding in a stylish fashion.

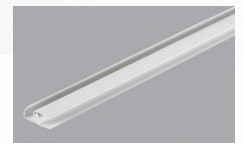

1. START & EDGE TRIM - 069

Available in white, dark grey, light grey and silver

2. UNIVERSAL CORNER - 082

Available in white, dark grey, light grey and silver

3. MULTIFUNCTIONAL TRIM - 070

Available in white
