## IRISH INNOVATION

Founded in 1950 by the Doyle family, Fleetwood Paints is now a European leader in the development, manufacture, distribution and sale of paint, coatings and related products to professional, industrial, commercial and retail customers. Since 1977, Fleetwood Paints and Sherwin-Williams have had a highly successful partnership with combined technology regularly used by some of the world's leading companies. In 2020 Fleetwood will be celebrating 70 years in business.

Located in Virginia Fleetwood Paints employs more than 130 people and hosts Ireland's largest paint laboratory, with over 15% of its personnel actively involved in Research and Development. It is here that our technicians test innovative products before making them available to over 400 retailers across Ireland and International markets. A proud member and supporter of Guaranteed Irish, Fleetwood Paints is sold in stockists throughout Ireland and Northern Ireland, UK, Europe, Middle East and Africa.

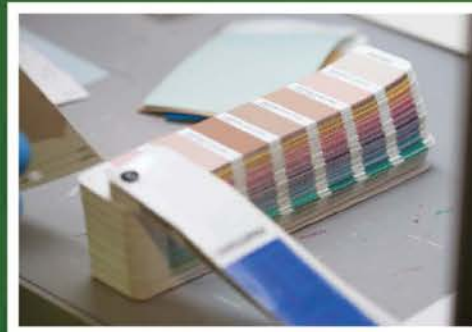

## ALL OUR PAINT IS GREEN

We are committed to providing the best quality paint in the market and we feel it is vital that our impact on the environment is at the forefront of every decision we make. We continuously evaluate our distribution channels to reduce the number of vehicles on the roads each year. We have decreased our electricity usage by 28% and decreased our gas usage by 39% on site. Better production processes have been created to treat and re-use water on site, showing a 23% drop in water usage. The water that leaves the site is rigorously tested by the EPA to ensure we never put our local aquatic life at risk. Fleetwood is classified as C2 which is the lowest possible risk rating.

For additional information on how we are helping to protect the environment, our charity work and developing the people who work with us, copies of our latest Corporate Sustainability guide are available on request.

In addition to striving to reduce the amount of water and environmental impact within our production facilities, we also work to give back to the environment by planting 6 acres of ash trees around our production plant, to encourage a sustainable eco-system for wildlife and offset our carbon footprint.

Fleetwood Paints was the first company to be awarded with the European Union's premiere environmental accreditation for paint. All of our paint is 2010 VOC compliant and in many cases exceed these regulations. Our metal packaging is low carbon and a resource efficient solution as it can be infinitely recycled. By applying fewer coats of paint over the years, your environmental impact is reduced and fewer VOC's impact the environment.

## POPULAR COLOURS COLLECTION:

The hardest working colour card in the Irish market. 144 on-trend colours, hand picked by our team of interior designers. Featuring the Fleetwood Colour Forecast - 11 new colours for this season. The Popular Colour card is packed full of inspirational images and hints and tips from our Brand Ambassador, Roisin Lafferty and our interior design team members.

## EXTERIOR COLOURS COLLECTION:

Everything your customer needs to paint the exterior of their home and garden in one inspirational colour card. Comprising of 28 ready mixed Weather Clad colours and 57 colours from the Colour Perfect fandeck that can be mixed for masonry, wood and metal. Featuring inspirational imagery and how-to projects for the garden.

## KIDS COLOURS COLLECTION:

An exciting new addition to our range of colour cards, focusing on the full range of styles and colours from nursery to teenagers. Featuring 60 colours taken from the Colour Perfect fandeck and a host of inspirational images to give a new lease of life to any children's bedroom.

## THE FRONT DOOR COLLECTION:

Stunning inspirational imagery and a range of colours taken from the Colour Perfect fandeck, this colour card is used in support of the Advanced range of bases.

## THE VENTURA COLLECTION:

Exclusive to the Prestige range of bases. A stunning collection of 60 contemporary colours and 14 Nursery colours, hand picked by one of Ireland's leading interior designers Arlene McIntyre. Inspired by comfort and functionality all year round, this colour collection is taking the Irish market by storm.

## THE VOGUE COLLECTION:

Exclusive to the Prestige range of bases. Modern contemporary collection of 60 colours, many hand chosen by our Brand Ambassador Roisin Lafferty. Designed to elevate interior design to a higher standard of living, these colours will work in any home or commercial project.

## THE PANTONE® COLLECTION:

Exclusive to the Prestige range of bases. From the world's authority on colour, Pantone have been at the forefront of interior and graphic design for decades. This is a curated collection of modern colours taken from the Pantone Interiors and Fashion fandeck.

## THE COLOUR MADE EASY COLLECTION:

A modern collection of colours for our Easyclean, Soft Sheen, Kitchen and Bathroom ready mixed range of on-shelf colours. Featuring designer tips and projects and a wide variety of inspirational roomset images.

# WHITE PAINTS

## EXTRA PLUS VINYL MATT & VINYL SOFT SHEEN

### THE DECORATOR'S CHOICE FOR OVER 35 YEARS

Fleetwood Extra Plus is our flagship product in our white paint category and is known throughout the industry for its trusted formula. Extra Plus goes on fast and dries to a smooth and reliable finish, time after time. It is formulated using the latest technology and materials, and manufactured to internationally accepted quality standards to provide emulsion products with outstanding performance. Extra Plus vinyl matt finish has a non reflective appearance that helps hide imperfections and smooths lumps and bumps. This product is ideal for interior walls & ceilings and will extend the maintenance of any decorating project.

### KEY BENEFITS

- Available in Vinyl Matt and Vinyl Soft Sheen
- Very low roller spatter with excellent drip resistance
- Soft sheen has great wipeability and burnish resistance
- Vinyl Matt maintains Class 0 flame retardance

## EASYCLEAN WASHABLE MATT

The high performance formula delivers a smooth finish that withstands even the toughest wear and tear.

The Easyclean range offers industry-leading performance based on our exclusive 100% acrylic resin technology. It is ultra durable and stain resistant.

Whether you're painting busy living spaces, stairs and hallways, bathrooms, kitchens or high traffic commercial spaces, there's a low odour, quick drying platinum finish that's sure to withstand heavy wear and cleaning. Easyclean Washable Matt is easy to apply and goes on smoothly with excellent coverage.

### KEY BENEFITS

- Third party laboratory tests prove Easyclean is superior to its leading competitor in scrub, stain block and burnish resistance.
- Keeps surfaces looking newer for longer
- Stain and moisture resistant
- Resists water streaking and spotting
- 50 times tougher than a standard matt paint.

### DURABLE

Awarded the European Standard EN13300 Class 1 and also exceeds the ISO 11998 Class 1 Scrub Rating

## CEILING PAINT FLAT MATT

Fleetwood Ceiling Paint delivers an easy one coat coverage and time saving self-priming performance. A true flat paint with a bright white finish, this paint masks minor surface imperfections and achieves outstanding uniformity immediately.

### KEY BENEFITS

- Excellent flow and levelling and an exceptionally uniform appearance
- A flat finish specifically formulated to help hide surface imperfections
- Dries quickly, resists spattering and offers long-lasting beauty

### LOW SPATTER

- Low roller spatter with excellent drip resistance

## Information

Suitable for: Interior ceilings

Colour range: White

Recoat time: 3 hours

Size available: 2.5L, 5L & 10L

Coverage: Up to 16m<sup>2</sup> per litre

Type: Water-based

## SUPERCOVER MATT & SOFT SHEEN

Ridgeway Supercover matt is a high opacity, high whiteness contract matt emulsion which provides excellent obliteration and breathability for all interior walls and ceilings. This white paint is exceptionally easy to apply and available in a matt and soft sheen finish.

### KEY BENEFITS

- Designed to give excellent covering power.
- Supercover matt is ideal for new plaster

### GREAT ADHESION

- Provides excellent adhesion on both new and previously painted surfaces

## Information

Suitable For: Interior plaster, walls & ceilings

Colour range: White and Magnolia

Recoat time: 4 hours

Size available: 10L

Coverage: Up to 12m<sup>2</sup> per litre

Type: Water-based

# COLOUR MIXING

## COLOUR PERFECT™ MATT & SOFT SHEEN

Matt was designed to give our customers the edge. Good hide and excellent touch-up mean better results, fewer callbacks and satisfied customers. Matt is an exceptionally flat, lustreless finish that helps diminish the appearance of minor surface defects.

Soft Sheen is a mid-sheen emulsion paint for use on interior walls and ceilings that for more than two decades, contractors, specifiers and owners have counted on to deliver a quality finish that will stand up to every day wear and tear. This product provides just the right combination of wipeability and resistance to marking that defines durability.

### KEY BENEFITS

- Excellent touch up (Matt)
- Stains wipe clean (Sheen)
- Easy Application
- Available in all colours- including deep, vivid accents

### TINTABLE

- Tintable into over 30,000 colours

## COLOUR PERFECT™

### EASYCLEAN WASHABLE MATT & EASYCLEAN ACRYLIC EGGSHELL

The advanced formulation of **Easyclean Washable Matt** provides an ultra durable and smooth matt finish that is 50 times tougher than standard matt paint. The outstanding durability makes it ideal for busy living areas and high-traffic commercial spaces, extending the maintenance cycle of any decorating project. This product has been awarded an International Class 1 for Scrub Testing. Whether you're painting busy living spaces, stairs and hallways, bathrooms, kitchens or high traffic commercial spaces, there's a low odour, quick drying platinum finish that's sure to withstand heavy wear and cleaning.

**Fleetwood Acrylic Eggshell** is a premium quality low odour and low VOC paint, engineered for ultimate performance and durability with a 5 year mould protection guarantee. The advanced formulation provides an ultra tough mid-sheen finish that has 50 times the washability of standard paint and was awarded the European standard EN13300 Class 1 scrub rating.

#### KEY BENEFITS

- Laboratory tests prove Easyclean range is superior to its leading competitor in scrub, stain, block and burnish resistance
- Prevents stains from penetrating to provide easy cleanup of surfaces and resists water streaking and spotting
- Ideal for very high-traffic areas such as hallways, kids rooms, bathrooms (Acrylic Eggshell) and commercial spaces

#### DURABLE

- Awarded the European Standard EN13300 Class 1 and also exceeds the ISO 11998 Class 1 Scrub Rating

# BRAND AMBASSADOR

## IDI PRESIDENT RÓISÍN LAFFERTY OF KINGSTON LAFFERTY DESIGN

In 2017, Fleetwood Paints collaborated with award winning Irish designer Róisín Lafferty, Creative Director of KLD, to create a distinctive colour palette for interiors with the 2017 Pantone colour of the Year.

Since then, the partnership between these two brands has gone from strength to strength. Róisín Lafferty is now the official brand ambassador for the company and in July 2019 Róisín became the President of the Institute of Designers in Ireland. "I have consistently been impressed by the standard of paint offered to the market by Fleetwood Paints. Their range of colours in high quality formulas is something my clients and I can rely on time and time again. At KLD, our designs take people on a journey, delivering fun and unexpected experiences. The richness and depth of the Fleetwood range further enhances our creative vision. The rich and opulent quality of each paint tone aligns perfectly with the designs we wish to create."

BRAND AMBASSADOR  
**RÓISÍN LAFFERTY**

## FLEETWOOD PAINTS INTERIOR DESIGN TEAM

Fleetwood Paints work with a dedicated team of interior designers who advise on design and colour schemes for colour brochures and for residential and commercial projects.

The interior design team is made up of 9 designers (including our upcycling ambassador Aileen Hogan of Shabby.ie) who provide free one-to-one online colour consultations in conjunction with Fleetwood Paints hardware stores throughout the year. These online events are promoted on hardware stores social media accounts with bookings taken either by phone or email and will continue through 2021 via zoom or whats app.

The design team offer a full professional service on all elements of interior design from new build to restoration work. As ambassadors for the company, the team attends a comprehensive training course every year to keep up to date on all the technicalities of various Fleetwood paints and products.

# FLOOR PAINT

## TRADITIONAL FLOOR PAINT

A professional quality durable one pack polyurethane-based floor coating. It has excellent levels of hardness and will provide a safe coating due to its inbuilt slip resistance formulation. It is resistant to mild chemical attack, water, oil and grease. Designed to withstand light to medium levels of traffic such as on walkways, and will withstand low levels of vehicle traffic such as domestic garages. Suitable for exterior use to highlight walkways and other markings. Not suitable for use on large external areas

### KEY BENEFITS

- Professional quality, single pack polyurethane coating
- Transforms and dustproofs drab, stained concrete
- Ideal for identifying production and storage areas and traffic aisles
- Easy to use and easy to keep clean

### TOUGH

- Hard-wearing finish

## Information

Suitable for bare, new and pre-painted concrete

Colour range: White - Red - Grey - Yellow - & clear base (for tinting)

## COLOUR PERFECT™ WEATHER GUARD®

Fleetwood Weather Guard® smooth masonry paint delivers outstanding performance and protection against the elements. Fleetwood Weather Guard® is formulated with Permacryl technology that provides outstanding durability against the harshest weather Ireland has to offer. Fleetwood Weather Guard® paints will not blister, flake or peel. Any colour can be mixed into Fleetwood Weather Guard® and once applied, it offers outstanding adhesion and colour retention-resisting frost in cold conditions and resisting fading, chalking and blistering in hot and humid conditions. Fleetwood Weather Guard® has been tested in Ireland to resist mould, algae and moss growth and provides excellent coverage for pebble and stone dashing especially.

### KEY BENEFITS

- Fleetwood Weather Guard contains powerful anti-mould properties
- Superior adhesion for ultimate durability and stain resistance
- Excellent coverage makes Fleetwood Weather Guard® ideal for pebble and stone dashing

### ENGINEERED

- Engineered, tested and made in Ireland - for Irish weather

## TESTING PROCEDURE

Independent laboratory testing certifies Fleetwood Paints Bio-Tec products meet the highest international manufacturing and antimicrobial standards.

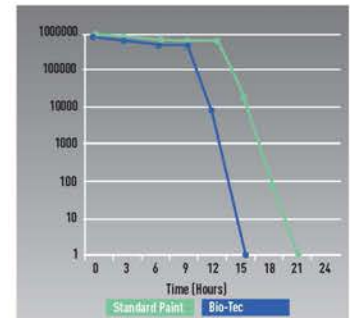

The Japanese JIS Z 2801:2000 test method is a 'real life' test procedure that works by introducing live bacteria onto the coating and incubating it for 24 hours under ambient temperature and humidity conditions (20°C and 65% RH). The following graphs exhibit the dramatic rate of decline of the bacteria on Bio-Tec compared with standard paint.

**MRSA**  
(Methicillin-Resistant Staphylococcus aureus)

**E. coli**

**Pseudomonas aeruginosa**

## IDEAL FOR A WIDE VARIETY OF PROJECTS

Fleetwood Paints advanced Bio-Tec Coatings have been developed for use in areas where hygiene protection is required.
