PURDY 54-77

GEOCEL / DOWSIL / DuPONT 78-106

Born in 1965, Ronseal is one of the most recognised brands amongst both Trade and DIY users.

Our aim is to make sure you have everything you need to help end users get the best out of their project.

Over 60 years of DIY expertise and relentless product testing means that we are proud to guarantee that each of our products...

... Does exactly what it says on the tin.

It's as simple as that.

PREPARATION

Our range of fillers utilise the latest technology to give professional, tough and long lasting repairs.

With a filler for every project - big or small, interior or exterior. Our innovative range offers high performance products, with powders and ready mix in a variety of sizes.

RONSEAL

PERFORMANCE PAINTS

Our range of performance paints have been developed to enhance and protect a variety of substrates.

Performance paint for specialist tasks; Each paint in the range has a specific purpose that is designed to tackle one task easily and professionally.

Covering everything from metals to mould problems, from wood to radiators, damp to door steps, tiles to the garage floor.

New! We are pleased to be moving to updated packaging on the same product code, bringing Ronseal performance to the forefront helping customers navigate and select our products faster with a straightforward Ronseal approach. You will see both the new and *old packaging for your reference.

Each product within our Problem Solver range tackles a difficult task quickly, easily and effectively. From mould to damp, get results that last.

Our range of Interior Paints help refresh your interior trim, leaving a durable, long-lasting finish for high traffic areas.

Ideal for revamping surfaces, old or new. Our Renovation Paints are tough, durable and leave your surfaces looking better for longer.

Primers help paint stick. Undercoats cover bold colours. Our range of Primers do both for interior and exterior jobs, offering added durability.

Adding colour and protection, our range of Exterior Paints revive surfaces and leave them with a hardwearing, tough and resilient finish.

PROBLEM SOLVERS

Each product within our Problem Solver range tackles a difficult task quickly, easily and effectively. From mould to damp, get results that last.

BRING IT ON.

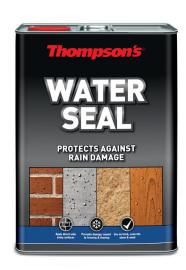

WATERPROOFING

WATER SEAL

Water seal uses a unique micro silicone emulsion to stop water penetration damage caused by freezing and thawing.

- · Apply direct onto damp surfaces
- Use on brick, concrete, stone & wood
- Dries in 2 hours

Code	Size	Colour	Units/Case
36284	1Ltr	Clear	6
36285	2.5Ltr	Clear	2
36286	5Ltr	Clear	2

ONE COAT WATER SEAL

One Coat Water Seal does exactly the same job as our standard Water Seal, but it gets the job done in one coat.

- Apply direct onto damp surfaces
- Use on brick, concrete, stone & wood
- Dries in 2 hours

Code	Size	Colour	Units/Case
32554	1Ltr	Clear	6
32992	2.5Ltr	Clear	2
32993	5Ltr	Clear	2

PATIO & BLOCK PAVING SEAL

Patio & Block Paving Seal will seal and protect patios and block paving from the weather. It'll resist algae growth, and protect against oil and fuel stains.

- For use on all block paving & flag stones including Limestone & Sandstone
- Available in Wet Look & Satin finishes
- Use with Thompson's Advanced Patio & Block Paving Cleaner

Code	Size	Colour	Units/Case
36312	5Ltr	Wet Look	2
36313	5Ltr	Satin	2

Thompson's

PATIO & BLOCK PAVING SEAL - NATURAL FINISH

Patio & Block Paving Seal - Natural Finish will protect patios and block paving from the weather, leaving a barely there, invisible finish.

- · Resists algae growth and protects against oil and fuel stains
- For use on all block paving and flag stones
- Use with Thompson's Advanced Patio & Block Paving Cleaner

Code	Size	Colour	Units/Case
38087	5Ltr	Natural	2

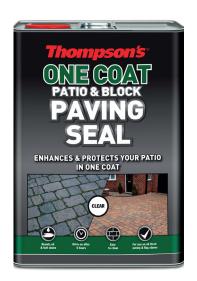

ONE COAT PATIO & BLOCK PAVING SEAL

One Coat Patio & Block Paving Seal does exactly the same job as our standard Patio & Block Paving Seal, but it gets the job done in one coat.

- For use on all block paving & flag stones including Limestone & Sandstone
- Resists moss and algae growth
- Use with Thompson's Advanced Patio & Block Paving Cleaner

Code	Size	Colour	Units/Case
35273	5Ltr	Clear	2

PATIO & BLOCK PAVING ANTI SLIP ADDITIVE

Rain, snow and ice can all cause steps and patios to become slippery. Provide extra grip by using our Anti Slip Additive with our Satin or Wet Look Patio & Block Paving Seals.

- · Anti slip protection
- Quick and easy to use
- For use on all block paving & flag stones, including Limestone & Sandstone

Code	Size	Colour	Units/Case
38224	200g	N/A	12

QUICK DRYING DRIVE SEAL

Our Quick Drying Drive Seal will revive old tarmac to make it look like new. It will protect driveways from oil and fuel stains, and cars can be parked on it in just 4 hours.

- Resists moss & mould
- Slip resistant
- Use with Thompson's Oil & Drive Cleaner

Code	Size	Colour	Units/Case
30330	5Ltr	Black	1
36527	10Ltr	Black	1

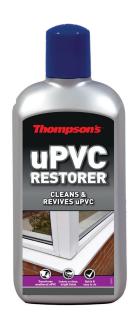

uPVC RESTORER

uPVC Restorer quickly and easily removes ingrained stains without scratching the surface, leaving it clean, revived and brilliantly white.

- Tough cleaning formula
- Works on all white interior and exterior uPVC

Code	Size	Colour	Units/Case
33180	480ml	White	6

Thompson's

STAIN BLOCK DAMP SEAL

Damp problems in the home don't look great and can start to smell. Once you've treated the cause of damp, use Stain Block Damp Seal to permanently cover stains.

- Micro-porous formula allows moisture to escape
- Apply direct onto damp surfaces
- Paint over in 4 hours

Code	Size	Colour	Units/Case
30853	250ml	White	6
30323	750ml	White	6
32010	2.5Ltr	White	1

ONE COAT DAMP SEAL

One Coat Damp Seal does exactly the same job as Stain Block Damp Seal, but it'll get the job done in one coat.

- Micro-porous formula allows moisture to escape
- Apply direct onto damp surfaces
- Paint over in 4 hours

Code	Size	Colour	Units/Case
34577	250ml	White	6
34578	750ml	White	6
34579	2.5Ltr	White	2

ROOFING

Our Isoflex range is our most advanced roofing range, offering up to 5 x more flexibility than standard bitumen coatings, for a long lasting repair.

ISOFLEX SPECIAL PRIMER

Isoflex Special Primer increases adhesion to the roofing surface, making it the perfect base for Isoflex Liquid Rubber.

- · Prepares dusty and flaky roofs
- Ideal for old roofing felt, tiles & bricks

Code	Size	Colour	Units/Case
32997	750ml	Clear	3

ISOFLEX LIQUID RUBBER

Isoflex Liquid Rubber is 5 x more flexible than traditional bitumen coatings, providing up to 20 years of weatherproofing protection. Its tough, durable finish will not crack or peel and can be used on virtually all roofing surfaces, so it's no wonder it's the Professional's choice when making roof repairs.

- 5 x more flexible than traditional bitumen paint
- · Flexes with the natural movement of the roof

Code	Size	Colour	Units/Case
32998	750ml	Black	3
34894	2.1Ltr	Black	2
34892	4.25Ltr	Black	2

ISOFLEX CLEAN-UP FLUID

Isoflex Clean-Up Fluid is ideal for cleaning up drips and splashes around the repaired area when using Isoflex Liquid Rubber

• Can be used to clean all brushes and equipment

Code	Size	Colour	Units/Case
06717	500ml	Clear	6

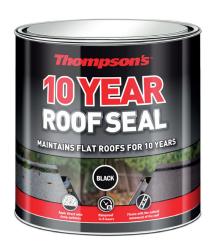

Thompson's

10 YEAR ROOF SEAL

Flat roofs take a battering from the elements. Maintain and protect them for a decade with our 10 Year Roof Seal.

- Flexes with roof's natural movement
- Rainproof in 6 hours
- Apply direct onto damp surfaces
- Protects against the sun's UV rays
- · Available in Black or Grey

Code	Size	Colour	Units/Case
30142	1Ltr	Black	4
30143	1Ltr	Grey	4
30144	2.5Ltr	Black	1
30145	2.5Ltr	Grey	1
30146	4Ltr	Black	1
30147	4Ltr	Grey	1

ONE COAT ROOF SEAL

Our One Coat Roof Seal is developed to give lasting weatherproofing protection to a wide variety of roofing materials in a single coat.

- Flexes with roof's natural movement
- Apply direct onto damp surfaces
- Rainproof immediately

Code	Size	Colour	Units/Case
34750	5Ltr	Black	2

ROOF & GUTTER SEALANT

Our Roof & Gutter Sealant outperforms traditional bitumen based sealants for a tough, long lasting repair to roofs and all types of guttering.

- · Resists cracking & flaking
- Suitable for Metal & Plastic guttering
- · Flexes with the natural movement of the roof

Code	Size	Colour	Units/Case
34030	310ml	Black	6

EMERGENCY ROOF SEAL

Use Emergency Roof Seal on smaller cracks or holes in flat roofs. It'll immediately seal up the problem, even in heavy rain or under ponding water.

- Can be used on small shallow cracks
- Can be applied in wet weather
- Flexes with the natural movement of the roof

Code	Size	Colour	Units/Case
32219	1Ltr	Black	4
34887	2.5Ltr	Black	2

EMERGENCY ROOF REPAIR MASTIC

Emergency Roof Repair Mastic is ideal if you have large holes in your flat roof.

It will fill and bridge larger gaps leaving an immediate water tight repair.

- · Effective immediately
- Can be applied under water

Code	Size	Colour	Units/Case
36082	750ml	Black	6

EMERGENCY INSTANT REPAIR AEROSOL

Emergency Instant Repair Aerosol is ideal when making repairs to leaking gutters and downpipes in hard to reach areas. It can be applied in the rain, and includes a scrim bandage for use with larger cracks and repairs.

- · Effective immediately
- Delivers a water tight seal

Code	Size	Colour	Units/Case
36083	450g	Black	6

Thompson's

EMERGENCY LEAK FIX

Quickly and easily repair leaking gutters and damage to doors and windows with Emergency Leak Fix. Its flexibility means that it won't crack or peel, ensuring a long lasting emergency repair.

- · Apply direct onto damp surfaces
- Overpaintable

Code	Size	Colour	Units/Case
34031	310ml	Clear	6

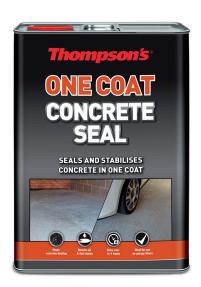

FLOORING

ONE COAT CONCRETE SEAL

Garage floors take a battering from oil, fuel and car tyres. One Coat Concrete Seal will seal and stabilise concrete floors and pathways, ready for cars to drive on in just 4 hours.

- · Stops concrete from dusting
- · Repels oil & fuel stains
- Touch dry in 1 hour

Code	Size	Colour	Units/Case
35275	5Ltr	Clear	2

CLEANERS

ADVANCED PATIO & BLOCK PAVING CLEANER

Advanced Patio & Block Paving Cleaner will revive and brighten patios and block paving, preventing algae growth for up to 6 months.

- Ready to use
- · Gets rid of dirt, grime, moss & mould
- Prevents algae re-growth for up to 6 months
- Ideal for use before applying one of our Patio & Block Paving Seals

Code	Size	Colour	Units/Case
36784	5Ltr	N/A	2

ADVANCED BRICK & MORTAR CLEANER

Our Brick & Mortar Cleaner removes mortar stains, limescale and efflorescence in just minutes.

- Cleans large & small areas
- Quick & easy to use
- Won't discolour brickwork
- Ideal for use before applying Thompson's Water Seal

Code	Size	Colour	Units/Case
38226	5L	N/A	2

OIL & DRIVE CLEANER

Stubborn oil, grease and petrol stains won't come out with any old cleaner. Use Oil & Drive Cleaner to get rid of stubborn stains, or dilute it to give driveways and paths a general clean.

- Use it straight out of the pack to remove oil, grease & fuels stains
- Dilute it to give your garage or drive a quick clean
- Use it before applying our Quick Drying Drive Seal or One Coat Concrete Seal

Code	Size	Colour	Units/Case
32535	2Ltr	N/A	4

RAIN DAMAGE... SORTED

DAMP STAINS... NOT ON OUR WATCH.

We've been making handmade paint brushes since 1925 and in that time the Purdy name has become the standard for delivering quality decorating tools to the professional decorator.

We are the only applicator manufacturer to be exclusively approved by the Painting Decorating Association (PDA) due to our performance and reputation.

Purdy is a must stock brand for the professional decorator.

DOWSIL[™] 817 Mirror Adhesive

Glass, metal and mirror neutral silicone adhesive

Dowsil 817 Mirror Adhesive is a one part silicone sealant which reacts with air moisture, to give excellent adhesion to most glasses, metals and mirror coatings.

- One part, easy to apply
- Non-corrosive, odourless sealant
- Gives excellent unprimed adhesion on most surfaces
- Outstanding resistance to heat and humidity
- Application temperature range +5 to +40°C

Product Code	Barcode	Colour	Size	Box Qty
3281914/C05	5413278249432	White	310ml	12

DOWSILTM 400 Firestop

Fire rated intumescent acrylic sealant

Dowsil Firestop 400 is an intumescent acrylic sealant for internal applications, developed to maintain the integrity of fire walls or partitions. Dowsil Firestop 400 does not emit halogenated by-products under fire conditions.

- Tested to B.S.476 Part 22
- Two hour fire rating can be achieved
- Resists mildew and mould growth
- 30-45 minutes tack free time

Product Code	Barcode	Colour	Size	Box Qty
2938863/C06	5011107561405	White	380ml	12

DOWSIL™ 700 Firestop

Fire rated neutral silicone sealant

Dowsil Firestop 700 is unrivalled in its capabilities. It is a one part, neutral curing silicone sealant ideal for preventing the spread of smoke and flames through expansion joints, or penetration seals in curtain walling, building facades or partition walls.

- Up to a 4 hour fire rating can be achieved
- Tested to BS 476 Part 22:1987 in expansion joint configurations and pipe and cable penetrations
- Neutral cure type
- Fast cure tack free in 2 hours

THE WORKS PRO Multi-Use Cleaner

THE WORKS PRO Multi-Use Cleaner is an all purpose spray that works in seconds.

REMOVE. Removes uncured sealant, adhesive, grease, oil, tar and much more.

CLEAN. Ideal for cleaning all surfaces before using THE WORKS PRO or painting. Ideal for cleaning tools and equipment.

DEGREASE. Ideal for de-greasing all surfaces before using THE WORKS PRO or relubricating.

FINISH. Ideal for finishing joints sealed with THE WORKS PRO to create a smooth joint.

- Fast acting
- Non-aggressive
- Suitable for use on most building materials
- Leaves no residue

Geore

Trade Mate

Geocel Trade Mate is a range of trusted, versatile sealants for use across a multitude of applications and substrates. From Sanitary to External Weatherproofing and Framing, there is a Trade Mate sealant for every major job.

Sealants

Trade Mate Sanitary Seal Silicone Sealant

Trade mate sanitary seal is a fast curing acetoxy silicone for sealing around all common types of sanitaryware.

- Contains fungicide to resist mould growth
- High movement capability
- Excellent adhesion
- Ready to use in I hour
- Will not crack or shrink
- Long service life

Product Code	Barcode	Colour	Size	Box Qty
2940281/C05	5011107584510	White	310ml	12

⊖C○Seal can be used in your standard cartridge gun by using the CCOSeal sleeve (for best practice we recommend the Cox Powerflow cartridge gun).

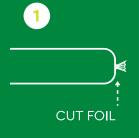

One CCOSCA sleeve can be used on average 75 times (based on use by Professional Applicators).

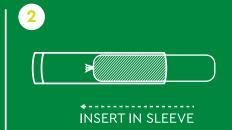

ecoseal THE WORKS PRO Sealant & Adhesive

Our ground-breaking MS polymer formulation has just got even better. A decade since we set the industry standard with the WORKS, we're launching its worthy successor, THE WORKS PRO. Our whitest white and new improved clear formulation, easy to tool and delivering fast cure and tack-free times, THE WORKS PRO is the gold standard snagging solution for a growing category.

- Cures underwater
- Excellent temperature range

- Excellent resistance to UV & will not attack synthetic material (unlike a solvent-based adhesive)
- · Bonds and seals virtually any material
- No shrinkage
- No staining
- Paintable
- No solvents
- Ouick to cure
- Resists mould growth • Apply in wet or dry conditions
- Saves time, no need to add fixings
- Conforms to Emicode ECI+ & ISEGA

Adhesive Foam

DuPont INSTA-STIK Multi-Purpose Adhesive

INSTA-STIK is a polyurethane foam which can be used to fix plasterboard, insulation board and most common building substrates quickly and easily. There are no tools or mixing required and no bags of heavy dry wall adhesive. For added flexibility and control, we have added a gun applied version to the range.

- Quick & easy to use
- 3 to 5 minutes cure time
- Increases insulation value
- Lower overall job costs
- B2 classification for flammability
- One can will fill approximately 5 (1.2m \times 2.4m) plasterboards (15m²)

Product Code	Barcode		Size	Box Qty
6001109/Z02	4019803080672	Straw Applied	750ml	12

DuPont and Geocel **Expanding** Foams

Our range of expanding foams consists of high performance products which can be used across various substrates and applications from general gapfilling to improving energy efficiency.

3 SIMPLE STEPS...

I. SHAKE

Shake the can vigorously for 30 seconds.

2. CLICK

Turn can upside down and screw it onto the valve of the PU gun.

Spray beads onto the substrate. Fix within 4 minutes of application and press firmly.

Expanding Foam

DuPont Great Stuff Pro Gun Foam Filler

DuPont Great Stuff Pro Gun Foam Filler is a one component, moisture curing, polyurethane foam. It seals, fills, bonds and insulates most construction materials and cures to form a tough, resilient and long lasting semi rigid cellular structure.

- Ready to use, high performance, one component material
- Self moulding to surface irregularities
- For internal and external applications
- Gives effective insulation against damp and draught and is completely water resistant

AIRBLOCK

Fills voids and seals to

IMPROVE ENERGY EFFICIENCY

STOP AIR LEAKAGE STOP ENERGY LOSS

Common areas of air leakage

Geocel Airblock Low Expansion Flexible Foam

Airblock is a flexible foam that creates a highly effective air tight barrier to help air seal buildings. It fills voids and seals joints providing a huge improvement to energy efficiency. The unique Airblock formula gives low expansion during application - minimising chances of distortion around frames and joints but with a flexibility that retains the airtight seal during natural expansion or contraction of the building materials.

- One component, moisture curing, polyurethane foam that forms an airtight and water resistant flexible seal
- Fills voids and seals to improve energy efficiency
- Air permeability tested to ENI2II4 I
- Fire rated to DIN4102-1 B2
- Acoustic rated 60dB to EN ISO717-1
- Driving Rain Tested to EN1027

Geore

Foams

Contractor Gun Foam

One component, moisture curing, polyurethane foam suitable for gap filling around door and window frames. As it cures, the foam expands and moulds itself to the irregularities of the substrate. The resultant foam is of a semi-rigid structure that is rot proof, but should be protected from sunlight by overpainting, plastering or sealing. It is only suitable for use with a foam gun.

- Suitable for gap filling around window and door frames
- Expands and moulds itself to surface irregularities
- Can be cut, sawn, sanded, painted or plastered over
- For use with a foam gun

Contractor B2 Rated Straw Foam

Contractor B2 Rated Straw Foam is a moisture curing polyurethane foam that is ideal for sealing and filling gaps in partitions, sealing around door frames and sealing through gaps and service trunkings.

- Expands to fill surface irregularities
- Can be cut, sawn, sanded, painted or plastered over
- Conforms to Class B2 DIN 4102
