# Our Story GREAT BRITISH HERITAGE

Appropriately founded in the home of bathing, Roper Rhodes was established in 1979 in the beautiful city of Bath, which we still call our home today. It's been over 40 years since then where we have grown and changed along with the city. Furthermore our passion for design, ingenuity and creativity has never been stronger.

Our products are made with consideration as well as stringently tested to ensure uncompromising performance and durability. Such is the confidence in our designs that our ranges are covered by extensive guarantees for your peace of mind. For example you can relax knowing you will receive a 20 year guarantee against defects in manufacture on sanitaryware and 10 years on our furniture.

We have a rich history but are also obsessed with product development; constantly innovating, with each new product launch seen as an opportunity to improve the lives of our customers. We work on the basis that every aspect of the life of our products must be considered, challenged and designed to be better. This approach has resulted in us having a market leading product innovation vitality score.

# Our People GREAT BRITISH DESIGN

For over forty years, we at Roper Rhodes have striven for bathroom perfection. Our dedicated team has grown from just one man to a group of people obsessed with all the little details that go into making your dream bathroom.

At every step of the way the customer is at the forefront of our minds. Starting with our product designers, who are always in search of how they can improve the bathroom experience. Push-button showers and contactless flushing are just some of the innovations to come from our team of designers.

Once a product has been made, it finds itself within our impressive 200,000 Sq ft Distribution Centre on the outskirts of Bristol. Here we run a twenty-four-hour operation to guarantee you the best delivery and service we can.

We believe that beautiful bathrooms come from our people, who's inspiration and dedication have made Roper Rhodes what it is today.

# GET THE FLUTED LOOK with Zoe Jones

#### BE INSPIRED

Our in-house stylist Zoe gives you her tips on how to achieve the fluted style in your bathroom.

Whether through glass, tile, or furniture, textured surfaces lend depth and sophistication to a room. For this look, we paired our white fluted Scheme furniture with a black round countertop basin and a statement Link mirror to create a contrast of colour and shape. The result is quiet luxury at its finest.

@roperrhodes

'Create points of interest in your bathroom by offsetting fluted surfaces with sleek brassware, hardware, and accessories.'

# Define your unique System bathroom

# IN FIVE SIMPLE STEPS

Our System range offers complete flexibility. You can tailor your choice to fit your needs exactly. Choose your unit size, create a style statement by selecting from different basin options, an array of on trend finishes & coordinating handles. Complete your System bathroom with a choice of optional extras. For further inspiration for potential bathroom layouts, designs and configurations see pages 90-99

#### THE PERFECT UNIT SIZE

Firstly assess your bathroom space and choose the basin unit size to best suit. There are wall mounted options in 500, 600 or 800 widths, with two soft close drawers providing practical, accessible under-basin storage. There is also a compact cloakroom unit option.

#### YOUR FINISH OPTIONS

A choice of seven contemporary finishes for System means that you can match or contrast to anything in your bathroom design. The colour palette has been chosen to give a full spectrum of on-trend neutral painted colours in matt and glossy options.

CHOOSE YOUR BASIN STYLE

Next you should select your basin preference. This will really change the overall style of your unit. The System range has a wealth of options, there is sure to be something to meet your requirements. Choose from a

sleek full width ceramic basin, a modern, premium hotel inspired Isocast basin with practical workspace on either side, or choose a counter top basin with worktop design. For the full range of Scheme basins options see page 97.

#### COMPLETE THE LOOK OF YOUR UNIT

Add the perfect finishing touch to your unit with one of our stylish handles, available in a host of shapes, sizes and finishes, including chrome, brass, matt black and colour matched handles.

### LIGHTING

05

Find everything you need in your drawers with the movement-activated, battery-operated light. Easy to remove for charging via USB, see page 98

# FITTED FURNITURE

## Explore our fitted furniture $\bigcirc$

Fitted bathrooms are custom-designed to make the most efficient use of available space. By utilising every nook and cranny, fitted furniture can provide ample storage and maximise functionality, particularly in smaller bathrooms.

Designed to seamlessly integrate with the overall aesthetic of your bathroom. Fitted furniture offers a cohesive and uniform look, as the units are fitted against walls and often provide concealed storage, hiding pipework and creating a neat appearance.

The furniture is highly customisable to suit your specific needs and preferences. You can select the materials, finishes, and configurations to create a personalised space that perfectly matches your style and requirements.

#### Roper Rhodes Fitted Furniture

## DESIGNED BY US. TAILORED BY YOU.

Fitted furniture is all about taking the space you have and making it reach its full potential. Unrestricted and completely customisable, fitted furniture gives you the flexibility & storage you need, with the style you love. Fitted furniture is great for going between walls to maximise storage and hide any pipework and services

Whether you live in a Victorian townhouse, an ultra-modern apartment, or something a little more unusual, our boundless combinations of fitted furniture styling options give you the ability to create a bathroom that feels uniquely and effortlessly 'you'.

#### WIDE CHOICE OF UNITS

Choose from a range of floor units, wall cupboards and full height 2 door unit, all available to help create your perfect bathroom look.

#### IDEAL FOR LARGE & SMALL SPACES

Consider the available space in your bathroom and choose from either standard depth (353mm) or space-saving slim depth (218mm) units.

## BATHTUBS

# Explore our bathtub

Our signature bathing collection embodies our legacy of design and time-honoured craftsmanship. Individually produced for quality and consistency, each of our baths marry beauty and utility to elevate the everyday bathing experience. From the quintessential lion foot to sleek, contemporary styles, the bathing collection features era spanning designs to suit any bathroom scheme.

Choose from freestanding tubs, single or doubled-ended styles, showering baths and back-to-wall options for complete design flexibility.

## DESIGNED IN THE HOME OF BATHING

#### TRADITIONAL BATHTUBS

Step back in time with our striking collection of traditional freestanding baths. Our range includes styles from the classic clawfoot to the mid-century boat bath in a wide range of sizes to suit bathrooms both small and spacious. With a choice of proprietary traditional accessories available to complete the look.

#### **CONTEMPORARY BATHTUBS**

Sleek, simple and streamlined, our collection of modern baths are ideal for the contemporary family bathroom. Available in a range of sizes, the bathing collection features oval, curved and square bath styles to suit a wide range of tastes. Pair with our wide selection of modern brassware and bath accessory styles.

#### 10 YEAR GUARANTEE

We believe good design stands the test of time. Our bathtubs are all guaranteed for ten years, giving you peace of mind now and for the future.

#### QUALITY PRODUCTS

Purposeful design is evident in everything we do. Individually made and stringently tested, each bath and bathing accessory in our collection represents the highest levels of quality and forty years of design expertise.

#### A CLOSER LOOK

All Roper Rhodes baths are built with a dual skinned acrylic body and reinforced with multiple layers of resin fibre to provide superior strength and heat retention.

#### **BATHTUB MATERIALS**

Our acrylic tubs offer several additional benefits. The double layer of acrylic and the middle reinforcement layer provide better insulation, ensuring water stays warm for longer. More robust and long-lasting, dual layered baths are resitant to flexing and deforming under pressure. A smoother, glossier finish allows for ease of cleaning, while a deeper pigment and improved colour consistency prevent discolouration over time.

## ROPER RHODES BASINS & WCs

#### MATT OR GLOSS FINISH OPTIONS

Our sanitaryware collections are specially glazed to create either a high gloss or a smooth matt finish. Equally hygienic and easy to clean, our new matt white WCs and seats are ideal for contemporary bathrooms and pair especially well with our matt brassware options.

#### AIR GAP TECHNOLOGY

All Roper Rhodes closed coupled WC cisterns are now supplied with air gap technology, they also benefit for a WRAS approved inlet and flush valves, and have a built in silencer to reduce water fill noise levels.

#### 20 YEAR GUARANTEE

At Roper Rhodes, we pride ourselves in offering high quality products that are built to last, even in the hectic and high traffic space that is the bathroom. That's why all of our basins and WC's benefit from a 20 year guarantee. We provide a 10 year guarantee on seats and 5 years on cistern fittings.

#### Close Coupled WCs

## FLUSHING SOLUTIONS

#### CLOSE COUPLED SENSOR FLUSH KITS

With a simple wave of the hand, hygienic, contactless flushing is now here for close coupled WCs. Two sizes are available depending on the size of the flush button hole in the cistern lid. The button kits have been designed to retro-fit to existing WCs which have paddle operated flush valves. For cisterns which have pneumatic or cable operated flush valves, or where the button screws in directly to the flush valve, then the flush valve will also need to be swapped to our TR9033 valve which has a 2" base.

When upgrading an installed Roper Rhodes cistern the following ranges will require the following items to operate correctly

- Paradigm
   Flush button kit TR9032
- Cover Flush button kit TR9031 with valve TR9033

Alternatively, you can purchase your new close coupled WC cistern with the sensor flush kit included.

#### Make it unique

### CREATING YOUR OWN SHOWER

#### CHOOSE HOW MANY FUNCTIONS YOU REQUIRE

How many functions would you like your shower to control? Our selection of valves give the option to choose from single, dual and triple function controls, see pages 212-225

#### SINGLE OUTLET

for single function valves to control a fixed head, handset or bath filler

#### **DUAL OUTLETS**

delivering water to two separate outlets for dual function valves to control two outlets, see options opposite

#### TRIPLE OUTLETS

delivering water to three separate outlets for triple function valves to control three outlets, see options opposite

### OUTLET OPTIONS FOR SHOWER VALVES

Once you have decided whether you want a single, dual or triple function shower valve (p212-225), next you need to decide what outlets you would like your system to control. Choose from the selection above, all of which are available from Roper Rhodes, see pages 250-259 for all available options.

### BATH FILLERS

With a Smartflow bath filler, water runs into your bath through the filler rather than a traditional bath mixer tap. Mounted on the inside of the bath, the Smartflow acts as a combined filler and overflow and comes with a click waste. It can be used with a manual mixer valve as a simple bath filler, or connect it to a diverter valve to control both bath and shower outlets.

LIGHTING, MIRRORS & CABINETS

## Explore our lighting, mirror $\mathcal{E}$ cabinet $\bigcirc \bigcirc \sqsubseteq \sqsubseteq \bigcirc \top \bigcirc \bigcirc \bigcirc \bigcirc$

Our team of product designers are experts in the art of blending functionality with elegance, designing mirrors, cabinets, and lighting solutions that not only elevate your space but also enhance your daily routine. With a keen eye for detail and a passion for innovation, they focus on developing products that seamlessly integrate with each other, ensuring your bathroom is not just beautifully lit but also perfectly coordinated.

### COMPLETE LIGHTING SOLUTION

With over forty years of experience, we know it's the details that matter. A great lighting design is key to a high-end bathroom that looks great in every light.

Our lights can be used conventionally or can be connected by WiZ allowing all lights to work seamlessly together and be personalised to your routines and preferences. All our lighting is IP44 rated for safe use in the bathroom.

### BEAUTIFULLY LIT BATHROOMS

#### CONNECTED BY WIZ

Although our lights can be used conventionally they can also be used as smart lights when connected by WiZ making them completely customisable allowing you to set, schedule and adjust your lighting scheme within the WiZ app. Seamlessly integrated with your choice of smart speaker, all of our connected by WiZ products can be voice activated, and further simplified with our convenient smart button.

#### SMART BUTTON CONTROL OPTION

Enjoy quick and easy control of your lights with the WiZ smart button. This battery operated device enables direct control of your lighting scheme, without going through the app. The smart button can be easily affixed to your wall, without screws, in a place convenient to you.

### Discover

# ROPER RHODES TOILET SEATS

Adjustable hinge technology that simplifies the installation of quick release seats and keeps the seat firmly in place.

### QUICK RELEASE

Allows the seat to be lifted away easily, leaving clear access to clean otherwise hard to reach surfaces.

### TOP FIX HINGES

Some seats feature a special 'top fix' hinge allowing them to be quickly and easily installed on modern WC pans.

### ANTI-BACTERIAL PROTECTION

An environmentally friendly built-in additive provides a hygienic finish to a number of our toilet seats and protects against bacteria, fungi and microbes.

### SOFT CLOSE HINGES

The hydraulic hinge mechanism ensures controlled and quiet closure of the seat lid and ring. Mechanisms are extensively tested to ensure long life.

### **GUARANTEES**

All our solid wood toilet seats are made using the finest timber from sustainable sources and benefit from a 2 year guarantee against seat breakages. Our thermoset and MDF toilet seats include either a 5 or 10 year guarantee against seat breakages.

### PRODUCT SPECIFICATION

Roper Rhodes furniture is designed for use within domestic installations which are adequately ventilated and is not suitable for installation in wet rooms. As with any timber product, bathroom furniture will be adversely affected if it is subjected to excessive moisture. It is strongly recommended that adequate bathroom extractor fans are installed to prevent heavy condensation and all splashes and spillages must be mopped dry as soon as possible. All exposed or cut surfaces must be sealed with a suitable varnish or silicone sealant to prevent blowing. If this is not done, all warranty claims will be void. In particular, silicone sealant must be used around basin and worktop joints and around all edges of bath panels and plinths. All electrical products should be installed by an approved electrician in line with current wiring regulations.

Roper Rhodes Ltd reserves the right to amend the specification of its products at any time if an opportunity to improve the product occurs. All dimensions are approximate and are quoted within reasonable tolerance

The furniture colours shown in this brochure are representative only and can be affected by a multitude o factors such as lighting and surrounding items.

Products with a brass finish may not match exactly due to variations in the brass alloy composition, differences in finishing techniques, natural aging processes causing patina and the lighting they are compared in. Imagery shown in this brochure are representative only.
