ADHESIVES & SEALANTS

TEC7 ALL-ROUNDER

All-round sealant and adhesive, Even under water

- ✓ unique adhesive powers
- ✓ adheres to both wet and dry substrates
- ✓ superior UV and mould resistance

TEC7 is the original all-rounder. More than 20 years after it was first launched, TEC7 still remains the most popular product for anything that needs gluing, sealing or securing. For a top-class job, tradesmen and savvy DIY enthusiasts reach for the TEC7 cartridge and rightly so!

TEC7 is the first choice for 80% of all applications. TEC7 replaces assembly adhesive, wood glue, PU glue, silicone mastics, acrylate sealants...

Fast curing.

Tec7 cartridge 310ML

TEC GUN

The professional, ergonomic cartridge gun

TRANSLUCENT

TRANS CLEAR

Translucent gluing and sealing

- ✓ suitable on wet surfaces
- ✓ water and airtight
- ✓ solvent free and mould/bacteria resistant

Trans 310ML cartridge

CHROME EFFECT

TRANS METALLIC

Chrome effect gluing and sealing

- ✓ suitable on wet surfaces
- ✓ water and airtight
- ✓ solvent free and mould/bacteria resistant

Trans Metallic 310ML cartridge

TRANS CLEAR and TRANS METALLIC are high quality products that are ideal for hundreds of applications. Trusted by trades people and DIY enthusiasts for many years, TRANS CLEAR is perfect for sealing any transparent applications while TRANS METALLIC with its unique chrome effect is perfect for sealing semi-transparent applications i.e. sealing chrome finish shower doors etc. Trans products also have excellent gluing qualities, is fast curing, solvent free and can be used under water making it instantly waterproof, easy to see why it has become so well renowned in its sector.

X-Tack 290ML cartridge

X-TACK

INSTANT GRAB ADHESIVE

Rock-solid fittings without the need for support

- ✓ the most powerful MS-polymer
- ✓ vibration and impact resistant
- ✓ perfect for vertical bondings

Apply, position and walk away.

With X-TACK you stay in control of all your fittings, without the need for other aids. X-TACK stands out because of its superior initial adhesion and ultra-fast curing properties. The choice par excellence for vertical and hanging fittings that you do not want to see move or slide.

TEC GUN

The professional, ergonomic cartridge gun

- ✓ ergonomic design
- ✓ perfect gearing allows for effortless dispensing of product
- ✓ long life span

The TEC GUN is suitable for most products in a cartridge, irrespective of their viscosity, even for 2-component products thanks to its 18:1 pump ratio.

Its perfect balance and rotating cartridge holder allows you to place the nozzle in the correct position, this also makes dispensing thicker products such as X-Tack effortless.

FoamTack - Aerosol 750ml

FOAMTACK **STRONG FOAM ADHESIVE**

Mount

Adhesive Foam

- ✓ Easy to use
- ✓ Powerful bonding
- ✓ Low expansion
- ✓ For indoor and outdoor use

TEC7 FOAMTACK is a time saving, easy to use, strong and low expansion adhesive foam suitable for both indoor and outdoor use. FOAMTACK has a working temperature of -5°C to $+30^{\circ}\text{C}$ and has excellent adhesion strength to all building materials including plasterboard, (both standard and insulated), window sills and light weight blocks. FOAMTACK has excellent thermal and acoustic insulation capacity and is also rot resistant, weather and waterproof, making it the perfect adhesive for all your construction applications.

FOAM GUN

Super
10ML-20ML-50ML

SUPER **SUPERIOR ADHESION**

Tough broad-spectrum superglue

- ✓ professional cyanoacrylate glue
- ✓ crystal clear joints
- ✓ fast-drying for speedy repairs

Super outstrips all your standard home, garden and kitchen superglues because of its superior adhesive powers and wide range of applications.

- powerful adhesive for wafer-thin layers
- transparent, all-purpose adhesive
- on porous surfaces, use in combination with SUPER ACTIVATOR
- the activator accelerates curing, even on smooth surfaces

Super Activator 150ml

SUPER ACTIVATOR

Accelerates the curing of SUPER

- ✓ improves bonding to porous surfaces

SUPER ACTIVATOR accelerates curing, on porous and smooth surfaces alike.

MITRE BOND KIT

The combination of Super7 Glue and Aktivator in one convenient kit

CLEANING & DEGREASING

Remove All 50ML

REMOVE ALL

STUBBORN RESIDUES

Cleaner for stubborn chemical stains

- ✓ cured PUR foam sealant
- ✓ glue residues
- ✓ paint and lacquers

REMOVE ALL penetrates stains and breaks their contact with the surface. Old paint loosens, cured sealants come away from the surface and PU foam remnants soften and become easy to remove. REMOVE ALL is an eco-friendly product and is easy to use.

Fireproof, removes the most impossible stains such as cured sealant, PU foam, paint and lacquer, soot residue...

HP Clean 1L - 5L - 25L

HP CLEAN **ALL-PURPOSE**

Powerful and deep-acting cleaner

- ✓ for use on natural staining
- ✓ H.A.C.C.P (Food) safe certified
- ✓ solvent and acid free, safe to use on all materials

HP CLEAN is a ready to use concentrated cleaner and degreaser for all types of natural dirt. Suitable for most surfaces, walls, floors, synthetic materials, natural stone, wood etc. HP Clean is also ideal for all kinds of vehicles such as motorbikes, caravans, boats etc. and can be used on other materials such as metals, brickwork and plasterwork. HP CLEAN gives dirt engrained textiles a new lease of life and offers solvent free degreasing of tools prior to gluing, sealing, welding etc.

Ca Clean 1L

CA CLEAN

REMOVES LIMESCALE

Removes rust, limescale and cement residue

- ✓ ready for use
- ✓ safe on stainless steel, rubber, ceramics, synthetics
- ✓ H.A.C.C.P (Food) safe certified

Ca-Clean is ready for use in this foam trigger. Because of foam formation it may take longer to settle in. Safe for use on stainless steel, rubber seals, ceramics, plastic, ...

Ca-Clean is H.A.C.C.P. compliant.

Tec7 Cleaner
500ML - 1L - 5L - 25L

TEC7 CLEANER

PERFECT FINISH

Universal cleaner and degreaser

- ✓ for use on non-organic dirt/stains
- ✓ acid free, safe to use on all materials
- ✓ removes uncured Tec7 and sticker/adhesive residues

TEC7 CLEANER is the partner for all your TEC7 products. This safe solvent-based cleaner gives you a grease free surface for a perfect bond. Excellent for obtaining a smooth finish on Tec7 joints.

Multiclean 500ML

MULTICLEAN

DOES NOT SMEAR

Powerful universal foam spray cleaner

- ✓ cleans, degreases and shines
- ✓ safe to use on most materials
- ✓ excellent on glass, mirror and stainless steel

MULTICLEAN is a universal foam cleaner for all surfaces. Thanks to its neutral properties, MULTICLEAN can be used anywhere.

Cleaning and degreasing

Scrub 500ML

SCRUB

SAFE SCOURING CREAM

Powerful scouring cream for smooth and hard surfaces

- ✓ cleans, renovates and protects in one go
- ✓ kind to the skin and biodegradable
- ✓ H.A.C.C.P (Food) safe certified

Scrub is a cleaning- and scouring cream for smooth and hard surfaces which also leaves a water-repellent, protective coat.

SCARABEE

THE TEC7 MAGIC

Removes stubborn stains

- ✓ can be reused up to 5 times in combination with TEC7 cleaners

The SCARABEE has a mildly scouring effect and helps to remove the most stubborn stains from most hard surfaces in a flash. Double-sided effect: a scourer on one side and compressed, microcellular melamine on the other side. Ideal when used in combination with TEC7 cleaners.

**LUBRICATION &
SURFACE PROTECTION**

GT7

PROFESSIONAL MULTISPRAY

Unique top-quality multi-spray

- ✓ penetrating oil - lubricant - cleaner
- ✓ rust preventer
- ✓ and a whole lot more!

GT7 is a what you would call a textbook TEC7 product. One product, a myriad of applications. Innovative, superior quality. GT7 is a multipurpose spray that will free up quite a bit of space on your store shelves:

- deep-penetrating lubricant
- powerful rust preventer
- penetrating oil: loosens whatever is stuck
- high-end lubricant
- contact spray: perfect electrical contacts
- cleaner
- protects all surfaces

GT7 200ML - 400ML - 600ML

400ML ONLY

WATERPROOFING

ROOF

RETAINS ITS FLEXIBILITY FOR 20 YEARS

All-weather roof repair

- ✓ fibre-reinforced, bituminous repair paste
- ✓ remains soft and flexible (20+ years after it has been applied)
- ✓ can also be used on wet and/or frozen but ice free surfaces

Wherever waterproofing is an issue, ROOF comes into its own. ROOF is a bituminous paste with a high glass-fibre content which means it is ideal for permanently repairing bigger cracks and gaps in your roof.

Another bonus is that ROOF can even be applied to larger surfaces. ROOF can be used at temperatures of between -12°C and +50°C, on dry or wet surfaces; no dissolving or rinsing required

Roof 310ML

Roof 5KG

Roof 10KG

WP7-101 LIQUASEAL

LIQUID MS POLYMER SEALER

- ✓ Completely watertight and UV stable from a layer of just 1 millimetre
- ✓ Works quickly: only one coat needed
- ✓ Suitable for horizontal and vertical applications
- ✓ Good adhesion to EPDM, zinc, tiles and other roof materials
- ✓ Permanently flexible and suitable to walk on once cured
- ✓ Rainproof within 2 hours
- ✓ Free of harmful solvents or toxic substances

Available packages

- Cartridge 310ml
- Can 750ml
- 4L Tub

THE MS POLYMER ALL-ROUNDER

MS polymers (such as Tec7) combine excellent adhesion with high flexibility and good resistance to UV radiation and weathering. WP7-101 LIQUASEAL is a liquid-based MS Polymer sealer that combines these characteristics with the unique ability to retain its high quality from a layer of just 1mm (compared to the industry standard 2mm.) This makes it ideal for use with most high-quality roof materials.

Available packages

- Aerosol 500ml

Available packages

- 50mm x 10m
- 100mm x 10m
- 150mm x 10m

WP7-201 SPRAY & SEAL

RUBBER BASED SEALER

- ✓ Instant and easy to use waterproofing and protection coating
- ✓ Forms an elastic waterproof coating
- ✓ For domestic, industrial and automotive use
- ✓ Reduces noise and protects against vibrations, stone chips etc.
- ✓ Can be painted over after 90 minutes
- ✓ Good adhesion
- ✓ Sandable and paintable
- ✓ Suitable for indoor and outdoor use

1 product, 1001 applications! WP7-201 SPRAY & SEAL is a super-handy synthetic resin and rubber-based spray coating that seals leaks, waterproofs and also protects against rust, scratches & moisture. Clean the surface, shake, spray and you're done. WP7-201 SPRAY & SEAL belongs in every home's toolbox!

WP7-202 ROOF TAPE

PERMANENT REPAIR & PROTECTION TAPE

- ✓ Very good permanent adhesion to almost all materials
- ✓ Immediately and permanently waterproof and windproof
- ✓ High temperature resistance & does not sag
- ✓ Easy to shape
- ✓ Paintable
- ✓ Tear-resistant

A ROOF TAPE LIKE NO OTHER.

Applying WP7-202 ROOF TAPE renders the object immediately and permanently waterproof. The tape is super strong, tear-free, heat resistant and completely UV-stable. Sticks to almost any surface and protects against rain, snow, heat and friction. A top Tec7 product!

WP7-301 ROOF WATERPROOF

ROOF REPAIR PASTE

- ✓ Fibre-reinforced for permanent repair on roofing
- ✓ Suitable for use on wet and dry surfaces
- ✓ Immediately waterproof and rain resistant
- ✓ Can be used from -15°C to +40°C
- ✓ Ready to use: simply apply with a brush or spatula
- ✓ Adheres to all materials
- ✓ Compatible with all types of bituminous materials

Available packages

- Cartridge 310ml
- TUB 4.4L

RUBBER AND FIBRE-REINFORCED REPAIR PASTE FOR ROOFING AND ASPHALT ROOFS

With WP7-301 ROOF WATERPROOF you can seal leaks in flat roofing systems, gutters and drains; waterproof roof connection joints, eaves, roof domes etc; and repair all blisters and cracks. It is also suitable for vertical application and perfect as an emergency repair on all materials, even when raining.

WP7-401 FACADE WATERPROOF

Invisible protection and sealing of exterior walls

- ✓ Applies white to guide application, but virtually invisible when dried
- ✓ Easily workable waterproofing facade cream
- ✓ > 25 years of protection against driving rain
- ✓ Impregnates more than 5 mm
- ✓ 100% waterproof & vapour-permeable
- ✓ Does not stain glass or window & door frames

25
YEARS OF
PROTECTION

COVERAGE
APPROX
40m²

Available packages
• Bucket 5L

THE QUICK, EFFECTIVE AND SIMPLE SOLUTION FOR WET FACADES

Apply and let it penetrate and you're done! It's that simple. The lifelong solution for heavy rain, wet spots, efflorescence and moss formation. In addition, the insulation value of a dry facade is many times higher, which can improve energy efficiency and reduce heating costs.

WP7-402 DAMP STOP

RISING DAMP BARRIER WATER REPELLENT WALL INJECTION GEL

- ✓ For all types of walls: brick, natural stone, hollow bricks, etc.
- ✓ Wall thickness up to 40 cm (Apply both inside & outside on walls more than 40cm)
- ✓ Also for severely damp walls (up to 95% moisture content)
- ✓ BBRI triple A + inspection: always 100% effective!
- ✓ Simple application
- ✓ Safe, solvent-free and odourless product

Available packages
• 3x 550ml

RISING DAMP IS COMMON AND CAUSES MANY PROBLEMS

Until now! Introducing WP7-402 DAMP STOP, the easy to use, effective, permanent and 100% safe solution for rising groundwater. Applied by drilling, injecting and filling holes - the WP7-402 paste spreads evenly through the pores of bricks, stone and masonry, forming a lifelong water-repellent barrier.

WP7-501

WALL & BASEMENT WATERPROOF

The only effective solution for the most difficult of wet basement walls and floors

- ✓ Durable polymer cement coating
- ✓ 100% waterproof from a 2mm layer
- ✓ Resistant to 10m water pressure
- ✓ Odourless: free from solvents and toxic chemicals
- ✓ Resistant to permanent immersion
- ✓ Can be painted over and plastered

Available packages

- 10kg powder + 1L primer

WET BASEMENT WALLS?

Have you already tried different solutions, but nothing works? Tec7 has the remedy. WP7-501 Wall + Basement is an extremely strong polymer and cement-based basement coating that is hard yet flexible, with perfect adhesion. Ideal for sealing damp basement walls, waterproofing basement floors and terraces, and providing a waterproof coating for wells, reservoirs and ponds.

REPAIRS

Filler 300ML

FILLER **ULTRA-LIGHT**

Ultra-light repair and finish filler

- ✓ ready to use and remains fresh for 24 months even when opened
- ✓ for indoor and outdoor
- ✓ easy to handle

FILLER is a professional, all-in-one filler and finishing plaster for all porous building materials. Grain-free structure, outstanding adhesion to all porous building materials. Water-resistant and can be painted over quickly. Absorbs shrinkage and expansion without cracking.

HEATING AND INSULATION

PUR pro 750ML

PUR PRO

B1 FIRE RETARDANT

B1 fire retardant expanding foam

- ✓ for use with an expanding foam gun
- ✓ low expansion pressure, stops expanding on meeting resistance
- ✓ adheres to most construction materials

PUR PRO is a top-quality, controlled-expansion PUR foam which never expands by more than 20%. Its low expansion pressure ensures that all spaces are filled, while structures remain in the right place.

- maximum expansion rate of 20%
- excellent insulation (conductivity 0.035W/mk), sound proofing (≤ 57 db) and mounting expanding foam
- can be used in temperatures down to -10°C
- use in combination with the PUR GUN
- highly rot-resistant

PUR GUN

Non-stick Pur Gun

- ✓ perfect dosing
- ✓ non-stick coating
- ✓ easy to clean

The PUR GUN allows you to dose PU foam in a controlled manner. Joints can be filled meticulously and doors and windows can be fitted quickly, easily and safely. Clean your PUR GUN swiftly and easily using PUR CLEANER.

PUR 750ML

PUR

B2 FIRE RETARDANT

B2 fire retardant expanding foam

- ✓ stops expanding on meeting resistance
- ✓ can be re-used once properly sealed
- ✓ in temperatures down to -10°C

PUR is a top-quality, controlled-expansion PUR foam. Its low expansion pressure ensures that all spaces are filled, while structures remain in the right place. Compact cell structure for greater insulation.

PUR Cleaner
500ML

PUR CLEANER

Gun cleaner/removes uncured foam

- ✓ easy to use
- ✓ for guns with a standard thread
- ✓ suitable for all PU foams

PUR CLEANER cleans and removes uncured PUR foam in an instant. It is also the simplest and most efficient way to clean your gun.

PLUMB

STOPS LEAKS

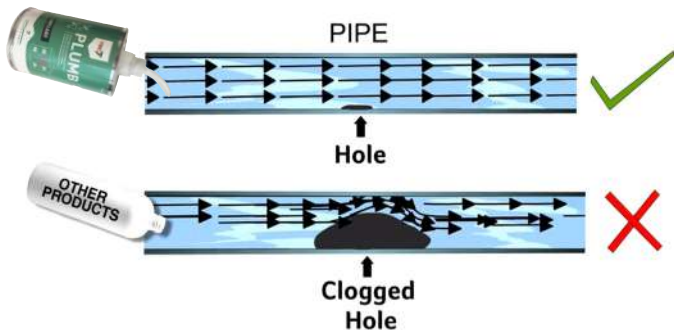

PLUMB7 750ML

Quickly and permanently stops heating system leaks

- ✓ for use on open and closed heating systems
- ✓ does not clog and simple to use
- ✓ prevents rust and corrosion

Tec7 Plumb quickly & permanently stops leaks in open & closed heating systems.

Tested and approved, Plumb is easy to use and ideal for use in domestic and industrial systems, one 750ml bottle treats a 75 litre system, approximately 10 to 12 standard radiators.

PLUMB does not clog
